***AmerisourceBergen® Announces Revamp of Community Pharmacy Event***

**VALLEY FORGE, Pa (January 12, 2008)** - In response to customer requests, AmerisourceBergen is changing its national retail healthcare conference to a new format. This year, AmerisourceBergen's National Healthcare Conference (NHC) will consist of four regional events at strategic locations around the country. Continuing Education Courses and Certification Programs will continue in the new format so pharmacists can participate at any of the four regional events.

In 2009, the National Healthcare Conference will be held in Chicago, IL (June 25-28), Stamford, CT (July 16-19), Birmingham, AL (July 23-26), and Anaheim, CA (August 6-9).

"We are pleased we can offer this option for our community pharmacists," said David Neu, senior vice president of retail sales and marketing at AmerisourceBergen. "Our customers have asked to move the location of the conference closer to them and allow greater flexibility in scheduling. In this economy, we continue to be cognizant of our customers' needs."
