**Notice to 340B Covered Entities Located in Oklahoma - Update to GSK's 340B Contract Pharmacy Policy
Effective November 1, 2025**

Dear Valued 340B Customer:

I am writing to inform you that GlaxoSmithKline (GSK) is updating its 340B Contract Pharmacy Policy that will alter its approach to distributing and accessing products purchased at the 340B price.

To ensure compliance with Oklahoma state law requirements (H.B. 2048), GSK is implementing changes to its Contract Pharmacy Policy (effective since May 1, 2023).

Effective November 1, 2025, GSK will make the following modifications to its Policy for covered entities located in Oklahoma and 340B contract pharmacies located in and outside Oklahoma under contract with covered entities inside Oklahoma:

- Oklahoma-based covered entities will be able to place "Bill to/Ship to" replenishment orders through all their HRSA designated contract pharmacies for products not part of a GSK limited pharmacy network.
- For GSK specialty/oncology products part of a limited pharmacy network, Oklahoma covered entities can designate unlimited contract pharmacies that are part of GSK's limited pharmacy network. Specialty/oncology designated contract pharmacies must be listed on the HRSA OPA database as a covered entity contract pharmacy. (See network below).
- GSK will allow covered entities' "Bill to/Ship to" replenishment orders on or after November 1, 2025, associated with the above policy exceptions.

GSK continues to monitor state level 340B contract pharmacy requirements and may make additional modifications to the above requirements, including re-instituting its May 1, 2023 Policy.

If you have questions regarding the changes to GSK's 340B Contract Pharmacy Policy, please contact GSK at support@340Besp.com.
