What's New?

Universal Score

- GPO Members now have access to the Universal Score report in GPOconnect. The Universal Score report is a key resource for GPO Members to analyze opportunities on a drug by drug basis so that they may devise purchasing strategies at the beginning of the quarter. The Universal Score report provides critical information in understanding the best choice of drug for the current quarter considering current cost, ASP price, reimbursement and previous usage. The Universal Score report also includes margin as stated - anticipated rebate information. GPO Members will be notified of newly published Universal Score reports in the notification bell in GPOconnect.

The screenshot displays the AB GPOconnect interface. At the top, a header bar shows 'Hello, [User Name]' and 'Your Account Manager'. A notification bell icon is visible in the top right corner. Below the header, the 'Universal Score' section is highlighted. It features a table with the following columns: Report Name, Member Name, Account ID, Published Report On, and Comments. Below this table, a detailed view of a specific report is shown, titled 'Margin As Stated-Anticipated Rebate'. This view includes a 'Drug Utilization Scale' and a 'Rebate Achieved' indicator. The main table in this view has columns for Product, Dose, Cost Per Dose, Margin Per Dose, ROI, Universal Score, Treatment last Qtr, Total Cost, Total Margin, % of Total Analyzed Spend, % of Total Analyzed Margin, Rebate Per Dose, and % of Margin From Rebate. Below the table, a summary section titled 'Margin As Stated-Anticipated Rebate' provides key financial metrics:

Metric	Value
Total Overall Margin	1.5%
Total Spend	\$1,144,100
Total Margin	\$17,110
Total Rebates	\$1,127,000
Total Overall Margin Net of Sequestration and Rebates	1.5%
Total Margin With Rebates	\$17,110
Percent of Spend in Rebates	98.7%
Percent of Margin from Rebates	98.7%

Enhancements

GPO Scorecard

- The GPO Scorecard now supports page navigation instead of scrolling through a large list of selected products. This allows for easier navigation and a cleaner view of each product selected.
- Other updates to the GPO Scorecard include an option to export the selected GPO Scorecard raw data to a CSV file. Also, Rebate Agreements that overlap quarters will not show on both quarter scorecards so that the data is not impacted, they will only show on the quarter the period started in. The Quarter filter is now disabled until the Member Name is selected, and once the Quarter is selected the Manufacturer and Product lists will update based on the previous selections. Lastly, the Purchase Through date now shows the exact end date, rather than matching the period end date.

The screenshot displays the AB GPOconnect GPO Scorecard interface. The top navigation bar includes the AB GPOconnect logo and search, notification, and user icons. The main header shows 'GPO Scorecard' and 'Value Report' tabs, with a 'Visit ABC Order' button on the right.

Below the header is the 'Expand/Collapse Filters' section. It contains several filters:

- Member Name:** A dropdown menu.
- Quarter:** A dropdown menu showing 'Q3 2022'.
- Manufacturer(s):** A dropdown menu showing 'All'.
- Product(s):** A dropdown menu showing 'All Products'.
- GPO:** A dropdown menu showing 'ION'.
- Show Scorecard:** A button.
- Contract Type:** A dropdown menu showing 'All'.
- Days Over EOQ to Next Tier:** A range selector from 0 to 100.
- Export:** A button.
- Show Products with Zero Sales:** A checkbox.

Below the filters is a pagination bar showing 'Page 26 of 33' with navigation arrows.

The main content area displays member details for 'Member Name: ABC COMPANY'. It includes:

- Account No:** 123456789
- Account Manager:** John Doe
- Days Left in Period:** 4 Days
- Total Days in Period:** 64 Days
- Today's Date:** 9/27/2022
- Period End Date:** 9/30/2022
- Period Start Date:** 7/1/2022
- Purchase Through:** 9/26/2022
- Added to Watchlist:** ✓
- Quarter Goals Added:** ✓

Below the member details is the 'Member Contribution' section, which includes a 'QTD Goal Tracker' and two tables: 'Member Contribution' and 'Aggregate Totals'.

QTD	Run Rate	Projected Volume	Baseline	Current %	Projected Volume %
1,000,000	1.00	1,000,000	1.00	1.00%	1.00%

QTD	Run Rate	Projected Volume	Baseline	Current %	Projected Volume %
11,000,000	1.00	11,000,000	11,000,000	100%	100%

Value Report

- The Value Report has been updated to include a Rebates & OID tab which combines the data in the Rebates and Off Invoice Discounts tabs to enable exporting of all the comprehensive Value Report.

The screenshot displays the 'Value Report' interface in AB GPOconnect. At the top, there's a navigation bar with 'GPO Scorecard' and 'Value Report'. Below this, a 'Value Report' section contains filters for Member, Drug Type, Product, and GPO Type. A 'Period Selection' section shows tabs for various quarters from 2021 Q1 to 2022 S1. The main content area has three tabs: 'Rebates', 'Off Invoice Discounts', and 'Rebates & OID', with the latter being highlighted with a red box. Below the tabs is a table with columns for Year, Period, Product, and various rebate and discount metrics. A red box also highlights the 'Rebates & OID' tab in the table's header.

Manage GPOconnect Access

- GPOconnect now allows Admin users to edit permissions for other portal users in their organization. The assigned Privilege in the Other Portal Users tab drives access to specific pages and tiles in AB GPOconnect. Available personas include Admin, Full, Finance, Rostering, and Basic +. GPOconnect also includes descriptions of each persona prior to saving any updates.

The screenshot displays the 'Other Portal Users' management interface. It shows a table with columns for First Name, Last Name, Email, and Privilege. A red box highlights the 'Edit Permission' button next to a user. Below the table, an 'Edit Permission' modal is open, showing a 'Select Privilege' dropdown set to 'Full' and a 'Save' button. The modal also lists the permissions associated with the 'Full' privilege.
